

Cuepix Blinder WW2™

The Cuepix Blinder WW2 is a powerful warm-white LED blinder with two COB LEDs ideal for adding high-impact white light to productions of all types.

The luminaire shall be an LED blinder with (2) 100W warm white COB LEDs calibrated at 3,200K. It shall operate flicker-free with an average LED life of 100,000 hours. The luminaire shall be capable of emitting 635 Lux @ 3m. Individual control of each COB module shall be possible. The luminaire shall have a 60° beam angle and include a manual pan focus. The unit shall include a strobe and be capable of 0-100% dimming with variable dimming curve modes. The luminaire shall operate via DMX and RDM protocols and include a 4-button touch control panel and LCD menu display. 3pin & 5pin DMX In/Out and powerCON In/Out connections shall be included. Max power consumption shall be 229W and a multi-voltage universal auto switching power supply shall be included. It shall measure 478mm x 181mm x 259mm (LxWxH) and weigh 5.1 kg.
